

Btech Pro Training

2026

About Boer Technology (Btech)

Since 2009, Btech has helped organizations across Indonesia modernize and operate at scale.

We leverage open-source technologies and deep engineering expertise to build secure, high-performance Cloud and DevOps environments.

Today, our Cloud, DevOps, Security, and Professional Delivery services empower enterprises to move faster, operate smarter, and stay ahead.

Description Program

Btech Pro Training is designed for **experienced IT Professionals and Corporate Teams** operating in production environments. The program leverages open-source technologies and hands-on labs that reflect real enterprise systems and best practices. Trainees will also get a life-time access of digital handbook and one-year access of the training recording.

The program focuses on closing the gap between knowledge and execution, equipping mid to senior-level engineers, including Cloud, DevOps, and SRE roles, with production-ready skills.

Trusted by 30+ organizations across industries, Btech Professional Training enables teams to operate with greater confidence, consistency, and impact.

Training Models

Btech Professional Training is delivered through flexible online, offline, or hybrid formats. Each session is instructor-led and focused on hands-on labs, reinforced by interactive discussions to ensure practical understanding and real-world application.

Onsite Training

Onsite Training is a training primarily hosted by Btech in Bogor, typically held at the Btech Office as the default location.

In-house Training

In-house training is a training offered by Btech, and it takes place at the customer's own office location.

Full board Training

Full board Training is a training arranged by Btech at various hotels, and it is not restricted solely to the Jabodetabek area.

Online Training

Online Training is a virtual training conducted by Btech through the utilization of the Microsoft Teams platform.

Training Categories

IaaS Cloud

Courses that focus on core infrastructure platforms, virtualization, and cloud operating systems you build and manage.

OpenStack Administration (OS-ADM)

Linux System Administration (LF-ADM / IT Associate)

Ceph Administration (CP-ADM)

PaaS

Courses centered around platform layers and orchestration abstractions on top of the infrastructure.

Kubernetes Administration (K9-ADM)

Kubernetes Management Platform (K9-RCH)

Kubernetes Application Developer (K9-DEV)

Kubernetes Security (K9-SEC)

DevOps

Courses that support development operations automation, CI/CD, system automation, and DevOps practices.

Docker Administration (DO-ADM)

Jenkins Administration (JK-ADM)

Linux Practical DevOps

Istio Administration (IS-ADM)

Top Courses

- **Linux Practical DevOps**
- **Linux First-line Data Support**
- **Docker Administration**

More than 350 participants from various corporations and industries have started their learning journey with Btech, taking their skills to the next level.

Benefits

Certified Instructors

Experienced instructors who have obtained official certification as proof of expertise and competence.

Official Training Partner

Official partner that provides certified training according to international standards.

Flexible Time and Place

Training with flexible schedules and locations according to participant preferences.

Free Consultation

Free consultation to help answer your questions and needs about training materials for 1 month.

Achievement Certification

Real proof of mastery of skills measured and recognized by industry training results with validation for the next 2 years.

Comprehensive Mastery

Integration of theory and practice for deep understanding and application.

Year-Round Premium Access

Enjoy access to course materials for a full 12 months.

Latest & Relevant Materials

Stay ahead with continuously updated course materials that align with industry trends.

Intensive Practice

Improve your skills with additional lab access for 2 days after training.

Smart Investment for Career You

With valuable new memberships, you can increase your market value and unlock more rewarding career opportunities.
